NEW BUSINESS:

This special meeting was called by Principal Vargas because he has a deep concern that the direction and function of the Booster Club is not operating in the best interest of the FHS Community. Principal Vargas spoke at length about his vision for a positive management structure and the alleviation of the "two-sides" that seem to be a major stumbling point within the Club.

There were many satellite conversations about how all the parts of the Club should function – all boiling down to one point – there needs to be a new structure created. One that will be workable for those members who are currently participating and those we hope to recruit in the next few years.

Principal Vargas would like to see the new structure created prior to and discussed during the April 7 meeting. It was agreed that the continuation of the Club is a common goal, however, if a new management structure is not created that meets Principal Vargas' vision, the Club will lose the support of FHS and the school district, thus being placed into a position of dissolution. Dissolution of the club would also mean the loss of bingo fundraising as the bingo program is a state licensed program, and the bingo license and Saturday 7pm session are both held by the Club.
